

## Professional Summary

Motivated Cybersecurity graduate with a strong foundation in identifying and analyzing potential threats and addressing vulnerabilities to safeguard systems. Skilled in implementing security protocols, monitoring networks, and contributing to risk mitigation strategies. Eager to collaborate with teams and deliver secure IT environments while continuously developing expertise in cybersecurity tools and technologies.

## Academic Details

### Bachelor of Computer Application (BCA)

H & HB Kotak Institute of Science - Rajkot - 2020-23  
CGPA: **7.39**

### 12th Commerce (Higher Secondary Certificate)

SSV School - Vadodara - 2018-20  
Percentage: **58.93%**

### 10th (Secondary School Certificate)

NKS English High School - Bangalore - 2018  
Percentage: **70.72%**

## Work Experience

### Threat Analyst - BigXTechnology

Ahmedabad - July - October 2024

#### Responsibilities

- Collaborated with the Threat Analysis group at BigXTechnologies to identify and analyze potential cybersecurity risks.
- Implemented security measures and contributed to strategies that enhanced system protection and minimized vulnerabilities.

#### Achievements

- IONX CTF#24 Winner
  - Achieved 1st place in the IONX Capture the Flag competition, demonstrating exceptional problem-solving abilities and cybersecurity expertise.

## Skills

### Technical Skills

ZAP, Nessus, Nmap, Wireshark, TCPdump, Burp Suite, Virus Total, Maltego, Spiderfoot, Metasploit, Snort, LimaCharlie, Splunk, Wazuh, Programming

### Non-Technical Skills

Analytical, Collaborator, Adaptable, Creativity, Attention to details

## Projects

### InFusion

A high-performance word list generator in GoLang for use in penetration testing and cybersecurity tasks. Optimized for speed and efficiency, the tool compiles to native code for fast execution, enabling effective code cracking and vulnerability assessments. (In progress)

## Languages

- English
- Hindi
- Gujarati
- Kannada

## Certificates

### IONX Certified Network & Network Security Associate (ICN2SA)

IONX Institute of Network Experts - November 2024

### IONX Certified Cloud Associate Architect (AWS) (IC2AA)

IONX Institute of Network Experts - November 2024

### IONX Certified Cyber Security Expert (IC2SE)

IONX Institute of Network Experts - November 2024

### Ethical Hacking Essentials (EHE)

EC-Council - Certificate no. 345262 - July 2024

### Certified AppSec Practitioner (CAP)

The SecOps Group - Certificate no. 7597529 - June 2023

### Tata Cybersecurity Security Analyst Job Simulation

Forge - Verification Code: 5fyJhW7uB2aNQb59w - January 2025

- Completed a job simulation involving identity and access management (IAM) for Tata Consultancy Services, collaborating with a Cybersecurity Consulting team.
- Acquired expertise in IAM principles, cybersecurity best practices, and strategic alignment with business objectives.
- Delivered comprehensive documentation and presentations, showcasing the ability to communicate complex technical concepts effectively.

## Core Competencies

- Network Security:** Expertise in CCNA concepts, including routing, VLANs, and access lists.
- Access Control:** Skilled in configuring standard and extended ACLs.
- Remote Access:** Proficient in Telnet, AAA, and SSH protocols.
- Cloud Security:** Strong knowledge of AWS (IAM, EC2, VPC, S3, Route53, Databases).
- Operating Systems:** Hands-on experience with Unix, Linux, and Windows Server.
- Vulnerability Analysis:** Skilled in network scanning and identifying security risks.
- Threat Management:** Proficient in malware analysis, phishing prevention, and VAPT.
- Cryptography:** Knowledgeable in secure data encryption techniques.
- Penetration Testing:** Experienced in identifying and remediating system vulnerabilities.
